## *Camp Kappe*

*An outdoor learning experience for fifth graders*

Dear Parents,

St. Anne is proud to bring back a tradition of hands-on learning with a fifth grade camping trip to Camp Kappe in Plantersville, Texas. A slide presentation and information meeting will be held in January and will provide lots of information about the learning opportunities your child will experience during this week. This trip is mandatory and will count as school days towards the fifth grade curriculum.

We would like to offer this camp the week before spring break, March 1<sup>st</sup>-4<sup>th</sup>. The students will return by the end of school Friday. The cost is \$120 which includes their food and lodging. The fee for transportation will be added and distributed among the students. They will also need to collect 120 aluminum cans to help defray the cost of camp expense. Financial assistance will be available.

It is an opportunity not to be missed. The accredited activities are not only TEKS based, but enable the student to experience and appreciate God's gift of our environment and our effect on it. If you are interested, you may find more information at the following websites:
