

Suzanne Steptoe

Science and
Social Studies

Dear Parents and Guardians,

My name is Suzanne Steptoe and I am beginning my fifth year at St. Anne Catholic School. I am a native of Beaumont, a St. Anne and Kelly High School Alumni and a graduate of The University of Texas. I have two boys who are currently attending St. Anne.

I will be your child's Social Studies and Science teacher. In Social Studies we will explore Texas History from our early explorers through the present also emphasizing geography skills. In Science we will examine a wide range of topics including Physical, Earth and Life Sciences. Through different projects, assignments, and cooperative learning activities with their peers, students will come to a better appreciation for the units being covered.

Additional information about the class is provided in the parent letter on our webpage. Please read this as well as our classroom rules so that you are aware of our expectations for your child.

Your child's experience at our school is our most important concern. If you need to speak with me, please do not hesitate to contact the school at 409-832-5939 and I will call you at my next available conference period. You may also email during the day, but I may not be able to respond until the end of the school day.

I am excited about working with your child. I welcome questions or comments, and am looking forward to a great year!
