

**Hello Everyone!**

What a fun time we are having in Kindergarten... ☺!!!

**Language Arts:** We continue to work on recognizing the letters of the alphabet and their sounds. We are listening to and learning nursery rhymes. The students are practicing how to write their names correctly. Please look at the handwriting pages that are coming home with your child's name on it. These will show you the correct way your child will have to write each letter of their name.

\* **Sight Words** that your child should be practicing: "name", "I", "like", "and", "the", "a" and all of the **color** words.

\* Remember to send **Reading Folders** back to school when your child is comfortable reading their book and is ready to read it back to his/her teacher.

**Math:** We are learning about geometry and patterns. Have your child practice making color, size and shape patterns with different items at home. Please review with your student the different solid (cylinder, cone, sphere, cube and rectangular prism) and plane figures (square, circle, rectangle and triangle).

**Religion:** We continue to celebrate the wonderful gifts God has given us. We have discussed His gifts of **light, water, land** and **animals** and how we can take care of them.

**Social Studies / Science:** We will conclude our amazing Apple Unit next week and will begin our fun Fall Unit. The children are still discussing the wonderful things that make our community special like our families, the places in it and the amazing people that help our community thrive.
